### CRITERION I – CURRICULAR ASPECTS

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

1. At the beginning of each academic session, college prepares its academic calendar, which is uploaded in the college website. Students are informed about the probable teaching days, dates of examinations, extension related and co-curricular activities. 2. Being an affiliated Government Post Graduate College, the Institution is bound to follow the curricula proposed by M.J.P. Rohilkhand University. At P.G. level the University offers its own curriculum proposed by BOS of each subject. 3. The teachers/faculty of the college give top priority to deliver the curricula proposed by the University. The heads of each Department distribute the entire syllabus (UG & PG) among the departmental colleagues equally. Then teachers discuss the entire syllabus of the paper assigned to him/her and the question paper pattern with the students in the class and suggests the relevant books needed for consultation, during his first/second appearance in the class. 4. The methodology of preparation of notes is guided from two point of views - firstly for the excellent performance in university exams(Descriptive) and secondly from the competitive point of view(objective type) with the material available on internet. 4. While delivering the detailed lecture point-wise the students are advised to clear

the concept on the respective topics in order to generate the interest. The points guided by the teachers (on board /AV system) are noted down by the students. Before completion of the lectures further literature, which could be helpful in preparing detailed notes is also suggested to the students. Vital clues regarding information available on internet are also provided. After the completion of lecture, students are asked to raise questions or any doubts related to the subject matter. The queries raised by the students are promptly attended and clarified by the teachers concerned. The students are further stimulated to perform interaction with the teachers outside class during their free periods. 5. During activities of Subject Associations the students deliver seminars on important topics of the syllabus, in the presence of teachers, so that these topics are well prepared for their exam. In Question/answer session if student is not able to clear any doubt the teacher concerned helps by giving additional and detailed information. 6. After the completion of the syllabus in the class, important questions which are asked in exam frequently are discussed in detail. 7. In the practical subjects, all the exercise prescribed by the university is first demonstrated after clearing the concept to the students. Students are asked to perform all the experiments in the presence of the teacher. 8. In several subjects (i.e. Zoology, Botany, Geography) the students perform field trips for survey and collection of samples . The field trips are performed under the supervision of faculty members. 9. (b) Practical classes: The teacher conducts similar feedback from students by frequent questioning during the practical classes. It helps the students in preparing for the final exams. (c) Class Tests: The faculty members conduct occasional tests during routine classes. The test papers are then evaluated by the concerned teachers and scope of improvisation of the student is subsequently suggested. (d) Performance in quiz and seminars: The students are asked to deliver seminars on the topic of their choices during a prefixed time. After the talk, the students are allowed to question the speaker. The teachers help the speaker in clearing the concept and doubts regarding their topic. Likewise, quizzes are also organized occasionally. The performance of students is judged by teachers in such seminars and quizzes. 4. Internal evaluation of students in distance education courses: (a) The internal evaluation is a mandatory component of all the

Certificate, Diploma, PG Diploma and PG courses offered by IGNOU in the college campus. (b) The question papers for internal assessment are loaded by IGNOU on the net. #### 7.2 – Best Practices

##### 7.2.1 – Describe at least two institutional best practices

**BEST PRACTICE - 1**

1. Title of the Practice: Organization of "Alankaran Samaroh" in the campus.
2. Objective of Practice: To encourage the meritorious students and to felicitate their families.
3. Context: The University toppers of each course are honoured by VC (often in presence of Governor) during the university convocation. However the student who fail to appear in university merit but remain first, second and third rankers at college level need appropriate boost for their efforts. Hence, during the Alankaran Samaroh the toppers and the second and third position holders of each class are honoured by the Principal often in the presence of Chief Guest, usually Regional Higher Education officer, Bareilly. Felicitation of college rankers also stimulate other students to do more efforts and get a chance of being honoured in similar fashion.
4. The Practice: The college releases a list of teachers given responsibility of preparing the class wise merit list by the examination cross rolls. The list of topper, second and third position holders of each class is handed over by the concerned teachers to the master of ceremony of Alankaran Samaroh. The reception committee of samaroh is given responsibility of inviting the ranker students along with his/her parents by issuing an invitation letter. Moreover, the ranker students are telephonically informed about the event. The reception committee is also given responsibility of inviting a chief guest, usually Regional Higher Education officer, Bareilly and other dignitaries of the city. Mass publicity is given to the event for awareness of general

student. The cultural committee of college selects cultural items when include songs, dance, acts etc. for the programme every ranker student is given a trophy along with a certificate for his/her achievement. At the end of event all the students are provided refreshments. The college does not feel any constraint in organizing the programme except the financial burden which occurs in erecting the pandal, flower decoration, banners, mike system, fooding and photography. The event was overwhelmingly applauded by dignitaries, students as well as their parents. 5. Evidence of success: The glowing faces of mentioned students boys as well as girls and their craze for getting a group photo with their subject teachers itself show, their dept affection towards the college for organizing the event. Every trophy and certificate delivered is applauded by the house indicates the utility of the event. After the event the students with trophy in their hands make a glorious moment for them. Entire sequence of event which took place on the 'Alankaran Samaroh' day is recorded on camera.

The album labeled with Alankaran Samaroh 2018-19 is placed in the Principal office. 6. Problems Encountered and Resources Required: A committee of teachers 2 for arts, 2 for science, 2 for commerce and 1 for B.Ed. is required for preparing a merit list of college. Same committee was given responsibility of inviting topper students and their parents for the event. The reception committee invited the Chief guest and dignitaries. Selected members of organizing committee were give responsibility of setting of Pandal, Stage decoration, Trophy distribution management. Master of ceremony conducts the proceedings of the samaroh. Nearly one lakh rupees were spent on the event last year. No problem was encountered during the organization of event. BEST

PRACTICE 2 1. Title of the practice: Organization of "Youth festival in the campus". 2. Goals: To identify and promote cultural talent among the students.

3. Context: Many of the students have instinctive talent in various cultural fields. Due to heavy schedule of teaching and learning their talents in fields other than academic and sports remain suppressed and deserve exploitation.

Keeping in view the aforesaid aspect, the college organizes a three day function to allow the boys and girls to participate and express their talents in as many as 15 cultural activities. All the events of the function are widely publicized and entire programme is communicated to students in tabular manner. The victorious students are honoured by the college on closing day of function.

4.The Practice: The college organizes competitions on at least 15 activities i.e. Group Discussion, Self Made Poetry Recital, Extempore Debate, Slogan writing, cartoon making, Rangoli, Mehandi, Quiz (written), Bouquet, Fancy Dress, Solo Singing, Nukkad Natak, Story writing, Essay writing and Memoire writing. A committee of 2-3 teachers is framed for registering the participants of each activity. Students are allowed to perform rehearsal in the presence of teachers.
